KPC boya®

CRYSTAL® MARINE

100% TURKISH-MADE

100% MARINE-FOCUSED

We produce for the maritime industry.
We reach out to the world.

ABOUT US

KPC PAINT

Established in 2010, KPC PAINT has served its customers with a commitment to maximum customer satisfaction since the very beginning. We offer attentive service and draw on our expertise to deliver the right products and tailored solutions.

We continue to grow alongside our customers, supported by our technical knowledge, experience and long-standing relationships. Every customer matters to us.

Our R&D and quality control teams drive innovation in marine and industrial coatings. As one KPC family, we value close communication and lasting partnerships with both suppliers and customers.

Through our CRYSTAL brand, we provide high-quality, cost-effective solutions for domestic and international markets. Our goal is to deliver reliable products, responsive service and continuous improvement.

We look forward to building a long and productive partnership with you.

OUR PRODUCTS

Marine Group

- Alkyd Primer
- Alkyd Topcoat
- Epoxy Primer - Standard
- Epoxy Primer - Surface-Tolerant
- Hold Coating (Grain Certified)
- Epoxy Topcoat
- Freshwater Tank Coating
- Polyurethane Topcoat
- Acrylic Topcoat
- Premier ALK (Primer-Type Topcoat)
- Antifouling Primer
- Antifouling Paint A/F
- Epoxy Thinner
- Polyurethane Thinner
- Antifouling Thinner
- Synthetic Thinner

Epoxy Coatings

- Epoxy Shop Primer
- Epoxy Primer
- Epoxy Zinc Phosphate Primer
- Epoxy Zinc-Rich Primer
- Epoxy HB Primer
- Epoxy Anticondensation Primer
- Epoxy Corrosion-Inhibiting Primer
- Epoxy Surface-Tolerant Primer
- Epoxy Miox Primer/Intermediate
- Epoxy HB Intermediate Coat
- Epoxy Surface-Tolerant HB Intermediate
- Epoxy Topcoat
- Epoxy Anticondensation Topcoat
- Solvent-Free Epoxy Primer
- Solvent-Free Epoxy Topcoat
- Single-Component Epoxy Primer
- Single-Component Epoxy Topcoat

Acrylic Group

- 4+1 Acrylic Primer
- Acrylic Intermediate Coat
- Acrylic Topcoat
- Acrylic Varnish
- Soft-Touch Varnish

Cellulosic Coatings

- Cellulosic Primer
- Cellulosic Topcoat
- Cellulosic Varnish

Polyurethane Coatings

- Polyurethane Topcoat
- Solvent-Free Polyurethane Topcoat
- Polyurethane Intermediate Coat

Other Coatings

- Silicone Coatings
- Oven-Cure Primer
- Oven-Cure Topcoat
- Exhaust Paint
- Chlorinated Rubber Topcoat
- Road Marking Paint
- Furniture Paint
- Plastic Surface Coatings

Industrial Coatings

- Industrial Primer
- Industrial Topcoat

KPC® BOYA

CRYSTAL® MARINE

FAST MASTIC *EPOXY PRIMER*

STRONG PROTECTION EVEN ON DIFFICULT SURFACES

High Tolerance to Rusty and Previously Coated Surfaces

Can be safely applied on surfaces with rust and old coatings, reducing surface preparation time and costs.

High Corrosion Resistance

Provides long-term protection against harsh marine conditions, saltwater and chemical exposure.

High-Build Film Thickness

Allows application of high dry film thickness in a single coat, ensuring effective protection.

Excellent Adhesion to Steel

Delivers superior adhesion on steel surfaces, ensuring a durable and long-lasting coating system.

Resistance to Abrasion and Impact

Resists mechanical damage such as abrasion and impact, maintaining its protective performance.

Application at Low Temperatures

Can be applied in low temperature conditions, extending the working season.

APPLICATIONS

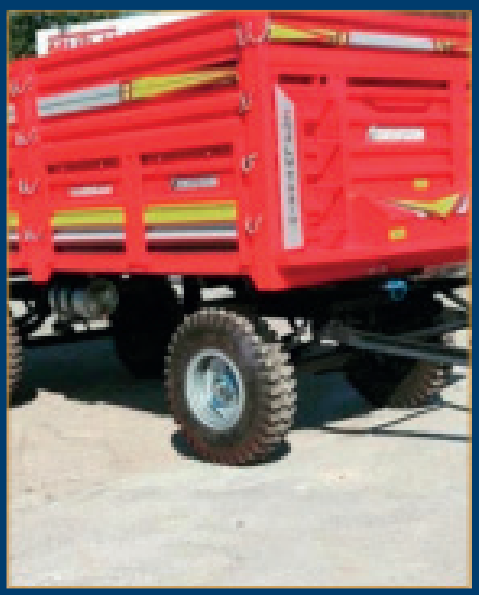

KPC® BOYA

CRYSTAL® MARINE

ANTIFOULING MARINE PAINT

LONG-LASTING PROTECTION FOR A CLEANER, MORE EFFICIENT VOYAGE

Effective Fouling Control

Prevents the growth of algae, barnacles and other marine organisms on the hull.

Reduces Fuel Consumption

A cleaner hull ensures lower hydrodynamic resistance, resulting in reduced fuel consumption and operating costs.

Longer Service Life

Maintains its performance for extended periods, reducing the frequency and cost of dry-docking.

Environmentally Responsible

Formulated in compliance with international regulations for a cleaner and healthier marine environment.

Easy Application

Provides excellent coverage and a smooth finish with easy application.

Suitable for All Vessel Types

Ideal for commercial ships, workboats, yachts and offshore structures.
